Attitude/ History/ Background/Relationships:

Born in the kingdom of Zhantashee and lives in fairytale castle surrounded by a moat. She is locked in the tower at the top of the castle by the Queen's jealous servant. The Queen doesn't even know her daughter is missing. She has been in the tower for 3 years now and talks to everyone through the little window. She is dressed in sort of a provocative way, because she outgrew her clothes from 3 years ago- her skirts are too short... but nobody sees, so whatever. She is whimsical and hopeful that the young man, Lathan, will come to save her. He always swims the moat to talk to her and made a rope and pulley system in order to bring her treats and hair ribbons and love notes. All he has to do is slay a dragon and come back, then the kingdom should grant his one and only wish to save Young & Sweet Princess. Ahhhhhh. XOXO

Motivation:

To get out of the turret /high tower and be with Lathan, her lovely man and maybe "someday" Prince. And, then they will plot together to handle the ugly matter of the BIOTCH who locked her in the frickin' tower in the first place OKAY!
