Attitude/ History/ Background/Relationships:

Hot-headed, fast talker, HUGE ACCENT, Chicana, lives in NY, tough, JUAN VALDEZ/ COFFEE IMPORTER's illegitimate DAUGHTER. Juan is never around to see what his daughter is up to. She is EXCITED all the time about something. She is a firecracker, super street smart and gets into fights with other chicks in their neighborhood. She is constantly on the take and thinks that the police are going to pick her up. She formed a girl gang of sorts and they band together to fight for their rights in the hood. She is too tough to date right now, because she always is the dominant one, but she has a lot of admirers. They are all wimps in her opinion. She has other things to think about. Not a day goes by where she doesn't kick somebody's ass. Her weakness is eating pop rocks candy from 7-11. She is convinced she is going to die in 2 years, because she had a Gypsy fortune teller at the carnival tell her that, so she eats that candy with a coke everyday- she figures, whatever.

Motivation:

Wants to start a BIG Brothers and Sisters after school program for underprivileged kids in their neighborhood. She is working on that right now. She doesn't want to waste any time in case what the Gypsy told her was for sure, for sure, 100% true.
